ASSEMBLY BILL   No. 2757

Introduced by Assembly Member DeSaulnier

February 22, 2008

An act to add Section 60902 to the Education Code, relating to a coding system for educational institutions.

LEGISLATIVE COUNSEL'S DIGEST

AB 2757, as introduced, DeSaulnier. Coding system for educational instructions.

Existing law requires the State Department of Education to contract for the development of proposals that will provide for the retention and analysis of longitudinal pupil achievement data on specified tests, to be known as the California Longitudinal Pupil Achievement Data System.

This bill would require the Superintendent of Public Instruction to establish and maintain a unique coding system for educational institutions that enroll pupils in any of kindergarten or grades 1 to 12, inclusive, for the purpose of identifying and tracking educational institutions for enrollment, state and federal reporting requirements, accountability, and fiscal purposes. This bill also would require the Superintendent to adopt regulations necessary to implement these provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1   SECTION 1. Section 60902 is added to the Education Code,
2 to read:
3   60902. (a) The Superintendent of Public Instruction shall
4 establish and maintain a unique coding system for educational
5 institutions, as deemed necessary by the Superintendent, that
6 includes, but is not limited to, county offices of education, school
7 districts, public schools, charter schools, and private schools in
8 California that enroll pupils in any of kindergarten or grades 1 to
9 12, inclusive.
10 (b) These unique codes shall be maintained for the purpose of
11 identifying and tracking educational institutions for enrollment,
12 state and federal reporting requirements, accountability, and fiscal
13 purposes.
14 (c) The Superintendent shall adopt regulations necessary to
15 implement this section.
